COLEMAN

# Asbestos Practice Overview

## Asbestos Litigation Attorneys

Since 1974, our attorneys have represented thousands (1000s) of people struck by fatal and life-threatening asbestos-related diseases, including:

- Mesothelioma
- Lung cancer
- Other forms of cancer linked to asbestos exposure, including cancers of the colon and larynx

## Speak to Lawyers Focused on Helping Victims of Asbestos

Today, attorneys Ed Beachler and Craig Coleman focus exclusively on asbestos-related disease cases. With over 50 years of combined experience, our dedicated asbestos lawyers have a wealth of knowledge and insight into:

- Scientific research on asbestos and its effects
- The history of asbestos use in the United States including but not limited to Pennsylvania, West Virginia and Ohio—including known asbestos manufacturers and suppliers as well as at-risk occupations and job sites
- People affected by asbestos, in various locations and under various circumstances
- The range of legal options for victims
- Medical treatment options for asbestos disease victims, including recent developments and their often staggering costs

### **Compensation for You and Your Family**

When you or a family member has been diagnosed with mesothelioma, lung cancer, or colon cancer, you will want answers. We will explain your rights and options, and guide you through the legal system with skill and confidence. We will investigate the nature of you or a loved one's asbestos exposure, including whether it occurred while employed at a job site or occupation that increased the risk of asbestos exposure. We will work to hold appropriate parties responsible for the injuries suffered as a result of their negligence.

We are a plaintiff-only law firm devoted to helping individuals and families obtain needed, just compensation for injuries, work-related diseases and toxic exposure. Our skill in assessing complex cases, conducting thorough investigations, and building strong cases is directed at holding manufacturers and suppliers accountable for negligence with tremendous human costs.

### **Free Case Evaluation**

Attorneys Beachler and Coleman have represented thousands (1000s) of asbestos victims, and we take pride in the fact that any of our cases are referred to us from families we have helped in the past. We encourage you to contact us at our Pittsburgh office now for a free consultation to discuss your asbestos related disease at 1-800-222-8816.

**Since 1972, Caroselli Beachler & Coleman, has represented injured people and their families in accident, injury, and death claims, as well as a broad range of social security and employment issues. We serve all communities in Pennsylvania and offer local appointments when needed. Our practice areas include:**

- **Auto & Motorcycle Accidents**
- **Workers' Compensation**
- **Defective Products**
- **Medical Practice**
- **Construction Accidents**
- **Industrial Accidents**
- **Railroad Accidents**
- **Asbestos Exposure Diseases**
- **Toxic Substances**
- **Slips and Falls**
- **Social Security Disability**
- **Insurance Bad Faith**
- **Class Actions**

**We work on a contingent fee basis; in most cases, there is no fee for lawyers' services unless we recover on behalf of the client**

**\*In some cases, however, certain expenses may apply.**
